Dear friend,

There is a month-long process that goes into building food boxes. From collecting, organizing, and storing the food, collecting enough boxes and building them two days before delivery, and having lots of volunteers who help pack the boxes. One of the things in our preparation, and probably the most important, is prayer for you. Grace Klein Community volunteers care about you and your needs. Your box, and the person who brings you your box, are prayed over before heading to your home. Below is a prayer for you from one of our sweet volunteers. Know that you are being lifted up in prayer to the Creator of our universe. He hears them. He loves you. He gave up His only child, Jesus, so He could spend eternity with you. There is nothing you can ever do (or not do) that can change that amazing love. His grace and love are not dependent upon you. He loves you that much because that is who HE is. All He really wants is a relationship with you. You enter into that relationship as soon as you acknowledge, accept, and choose His Son, Jesus. You give up your old life you've been living and enter into a new one where He is the leader and you follow His lead. How awesome it is to give up all of life's pain, anger, bitterness, brokenness, and tough life decisions to the One who gladly takes it all on His shoulders and gives you peace, hope, and guidance in its place. We love you. He loves you. Let us know if we can walk with you through your decision to follow the One who created you.

Hi,

*We are so proud of you. This box of food is a box of blessings. Each time you receive it you receive our prayers for you.*

*This is how we lift up you and your family daily. "Lord, in Jesus name we thank you for the opportunity to bless this family. We know that you are preparing for them blessings and restoration in areas that they have been praying for help in. Thank you Lord that they are receiving from you the food that they will thrive with. Thank you Lord that you are even now providing jobs and finances to restore their credit and get current in bills. Thank you Lord that as we watch you heal family relationships and friendships that you are teaching them to rely on you more. We bless this family, in Jesus name."*

*Thank you for letting us partner in prayer with you. We love you and your family.*

*God bless,*

*Mary Elizabeth*
