

RIDE FOR HOPE 2015

Grace Klein Community, a Birmingham-based 501(c)3 non-profit, is partnering with a team travelling to Swaziland, Africa. This team will work with a local organization there to provide medical care, food, and clothing for orphans and vulnerable children. You can directly impact the lives of these children by being an event sponsor. Your sponsorship fees for Ride for Hope 2015 go directly to care for orphans in need.

This "CarePoint" works with local leaders to discover the assets available at each location, which can help transform communities and individuals empowering them to become self-sustaining. All money raised through the ride will provide support for the CarePoint. If you'd like to learn more about the ongoing work at this CarePoint, please visit:
